Subject: Addressing Concerns on the Lang et al. PFAS manuscript

Good afternoon Bruce and Jeff,

Once again, thanks for the comments on the introduction to the Lang et al. manuscript and for the phone call this afternoon. I have drafted specific suggestions to the authors in response to your concerns, but before I send them, I wanted you to have a look and provide some indication of acceptance. Note that these requests for specific revisions also incorporate responses to OPPT's concerns and as I copied you earlier, I have asked OPPT to also opine on the acceptability of these revisions.

Ex. 5 Deliberative Process (DP)

The following is what I intend to send to the authors:

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Please let me know what you think. If acceptable, these requests for revisions will be sent to all of the authors.
